He has done this by addressing both the mental and physical aspects of achieving sustainable long-term health, and goes well beyond what any quick-fix diet/health plan can ever achieve. He passionately argues that health profoundly affects our happiness, and vice-versa, and applies his philosophy to nutrition, exercise, the mind, the family, and the world as a whole. Approaching the Natural: A Health Manifesto is accessible, clear, edgy and humorous. Sid distills his years of research into a book readers will want to carry with them as a quick reference when negotiating our most unnatural world -- especially gen-x and gen-y'ers for whom there is a substantial lack of result-oriented health books that are this easy and actually fun to read.
