

The Book of Mormon: A Very Short Introduction

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.
(Prof. Loyce Runolfsson Jr.)

Oxford University Press Inc. Paperback. Book Condition: new. BRAND NEW, The Book of Mormon: A Very Short Introduction, Terryl L. Givens, With over 140 million copies in print, and serving as the principal proselytizing tool of one of the world's fastest growing faiths, the Book of Mormon is undoubtedly one of the most influential religious texts produced in the western world. Written by Terryl Givens, a leading authority on Mormonism, this compact volume offers the only concise, accessible introduction to this extraordinary work. Givens examines the Book of Mormon first and foremost in terms of the claims that its narrators make for its historical genesis, its purpose as a sacred text, and its meaning for an audience which shifts over the course of the history it unfolds. The author traces five governing themes in particular-revelation, Christ, Zion, scripture, and covenant-and analyzes the Book's central doctrines and teachings. Some of these resonate with familiar nineteenth-century religious preoccupations; others consist of radical and unexpected takes on topics from the fall of Man to Christ's mortal ministries and the meaning of atonement. Givens also provides samples of a cast of characters that number in the hundreds, and analyzes representative passages from a work that encompasses tragedy, poetry, sermons, visions, family histories and military chronicles. Finally, this introduction surveys the contested origins and production of a work held by millions to be scripture, and reviews the scholarly debates that address questions of the record's historicity. Here then is an accessible guide to what is, by any measure, an indispensable key to understanding Mormonism. But it is also an introduction to a compelling and complex text that is too often overshadowed by the controversies that surround it. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost...
