An exceptional publication as well as the font employed was exciting to see. It was actually written extremely flawlessly and helpful. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Now more than ever, the ability to sight-read fluently is an essential part of the training of musicians on any instrument. This workbook is designed to help overcome the nerves that can cause sight-reading problems, taking the young recorder player up to late elementary level. Step-by-step it helps the player to build up a complete picture of each piece, first through rhythmic and melodic exercises related to specific problems, then by the study of prepared piece with associated questions for the student to answer, finally, to the unprepared sight-reading test itself. Check-boxes for each stage allow both teacher and pupil to keep an eye on progress. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
